

ROBERT KOJIMA

(310) 634-3904 | Alameda, CA 94502 | rkojima@berkeley.edu | rkojima.github.io

TECHNICAL SKILLS

Front End: JavaScript, React, Redux, HTML5, CSS3

Server-Side: Node.js, Express, MongoDB, Mongoose, REST APIs

Workflow: Git, GitHub, Travis CI, Mocha, Chai

WORK EXPERIENCE

Web Developer | Wizelabs (Remote)

April 2018 – Present

- Connecting high schoolers with college students. Built with React, GraphQL, Material-UI.
- Created React components based off of UI designs and specs.
- Communicated with product manager to understand problems and receive feedback on implemented solutions.

VOLUNTEER EXPERIENCE

Habitica | habitica.com (Remote)

January 2018 – Present

- Open source project to keep track of habits. Built with VueJS, Node.js, Express, and CSS.
- Communicated with Habitica contributors on Github for specifications on issues.
- Gained some knowledge of VueJS, PugJS, and SCSS to resolve reported bugs.

PROJECTS

Full Stack Developer (Remote)

December 2016 – November 2017

Line Drive Baseball | line-drive-baseball.herokuapp.com

- Full stack baseball card game. Built with React, Redux, Node.js, Express, Mongoose, and MongoDB.
- Created dynamic routes using React Router to support 2 core aspects of the app.
- Implemented search filter with React, paring results from 30 players to 1 instantaneously.

Remember | remember-app-project.herokuapp.com

- Backend reading tracker app. Built with Node.js, Express, Mongoose, MongoDB, and Handlebars.js.
- Created RESTful API, allowing users to create and manipulate notes for their books.
- Implemented username and password authentication using Passport.js.

Is-Streaming | is-streaming.herokuapp.com/index.html

- Single-page app to check Twitch streams. Built with JavaScript, jQuery, HTML, and CSS.
- Used Twitch API and AJAX to search and retrieve streams without page refreshes.

EDUCATION

Full Stack Flex Web Development | Thinkful

November 2017

- Completed course on modern full stack web development.
- Learned industry best practices and practical software development standards.

Bachelor of Arts, Cognitive Science | University of California, Berkeley

May 2016
